Concentration 3 is recommended for those students who are planning to enter the workforce. The interdiscipline electives are intended to develop a specialty in a field applicable to a sector of the chemistry workforce. Students are encouraged to seek a minor in their interdisciplinary field.

1 Students who transfer with 30 or more hours or are readmitted will replace Southeastern 101 with 2 hours of electives.
 2 Students who intend to pursue post-graduate studies are advised to select a foreign language.
 3 Chemistry electives (8 hrs) can be any 300-level or higher †CHEM or †CLAB course (1-3)
 4 Interdiscipline electives (20 hrs) must be from no more than two departments and applicable to minors in those departments. At least 9 hrs must be 300-level or higher.
 5 Must be selected from Visual Arts, Music, Theater or Dance.
 6 Must be selected from CJ, Econ., Geog., Anth., Poli., Psys. or Soc.

†All Chemistry specified above will be used to calculate the major GPA which must be a degree 2.0.
 †† Chemistry core curriculum course; grade of "C" or better required. This course will also be used to calculate the major GPA which must be a degree 2.0.
