**Total semester hours required: 123-124**

† A grade of C or higher is required.

\*Grade of "C" or higher is required.

<sup>1</sup> Must be 300 or 400 level.

Admission Requirements: Candidates must apply for admission into this program. Admission criteria include:

(a) a minimum cumulative GPA of 2.30 on all undergraduate coursework completed; (b) proof of concurrent enrollment in or completion of an accredited certificate and/or associate degree from a clinical allied health program, and (c) completion of the following course requirements:

English Composition (6 hours)

Mathematics (3 hours, College Algebra or equivalent)

Natural Science (9 hours; must include a two-course sequence)

Introductory Sociology (3 hours)

Degree Requirements: The degree requires completion of a total of 123-124 hours, the 63 specified above and an additional 60-61 hours. Up to 30 hours may be awarded for clinical specialty coursework when students (1) complete an approved associate Degree or graduate from an approved certificate program, and (2) meet the requirements for licensure/registration/certification in a clinical health care specialty.

NOTE: Students are eligible to declare this major while enrolled in an approved Associate Degree or professional program, but are not eligible to enroll in HS 499 (Senior Internship) until they (1) complete the Associate Degree or graduate from the certificate program, and (2) meet the requirements for licensure/registration/certification in a clinical health care specialty.
