RE: Civil Service Commission Annual Performance Planning and Review Report

Dear Dr. Moffett:

I recently received correspondence noting the excellent progress your staff has made in improving Southeastern's PPR statistics for fiscal year 2001-2002. Lowering the Satisfactory by Default ratings from 29.90% in 2000-2001 to .002% in 2001-2002 is a remarkable achievement!

Thank you for such a timely and successful response to our request to address this issue. We recognize the importance of accurate and timely ratings to both our employees and our institutions, and expect to report to the Civil Service Commission continued improvements in our System universities' "Satisfactory by Default" rate. Southeastern's progress will serve as a model for our System.

Please extend our congratulations and thanks to your staff, particularly Jessie Roberts and Cayce Fournier, for a job well done!

Sincerely,

Sally Clausen
President
