

Continuing Education
Fiscal Year 2003-2004 to 2007-2008

The Division of Continuing Education's main functions are the coordination of all non-credit and special activities both on and off-campus and the coordination of off-campus credit courses and telecourses. Continuing Education strives to meet the needs of the non-traditional student as well as the needs of business, industry, government, and the public sector. The division offers a variety of camps during the summer and is also responsible for reserving Southeastern's facilities to off-campus groups.

	Fiscal Year				
	2003-2004	2004-2005	2005-2006	2006-2007	2007-2008
