### Dedication to Scholarship: Progression Scholarships

**Southeastern** continues to demonstrate its commitment to student success through its new “Progression Scholarships” program. These unique scholarships were created to encourage new students to continue to make steady progress toward completing their degrees on time. The beginning freshmen from the Summer and Fall 2007 semesters will be the first cohort eligible to receive this award. “Our degrees are four year programs,” said President Randy

Moffett. “We are encouraging students to place a priority on enrolling in the right classes, successfully completing those classes, and moving toward their degree in the four-year time frame.”

**Beginning** in the Fall of 2008, the Progression Scholarships will automatically provide qualified students with a percentage of their tuition and fees if they complete 25% of their degree in the first year, 50% in the

second year, and 75% in the third year. Students who meet their academic timelines could receive as much as \$2,880 of financial assistance by the time they graduate.

“As far as we know, Southeastern is the only university in Louisiana offering such a scholarship initiative,” said Moffett. “We are committed to helping our students succeed.”
