Number of Students in Honors Program - Fall 2015

Arts, Humanities & Social Sciences	81
Business	23
Education	16
Nursing & Health Sciences	42
Science & Technology	79
University	241

2014 - 2015 Highlights

- » The Honors Program at Southeastern offers curricular and co-curricular opportunities that help students to know and understand the significant ideas and events that have shaped our world and will shape the future; to have confidence in their ability to think independently, write clearly, and speak effectively; and to develop the skills to be leaders in their communities and professions.

- » The Honors Program sponsored a special presentation by a member of the Louisiana Bar Association and faculty member of Southern University Law School. The evening presentation provided interested students with information on the legal profession, law school, and even a chance to participate in a mock law school class.
- » Ten senior theses were presented in public forums. The disciplines in which the theses were completed attest to the breadth of the Honors Program: Art, Biology, English, History, Marketing, Psychology, and Spanish.
