

Other Demographic Characteristics of Southeastern Students Fall 2021

PROFILE
2021

In the Fall of 2020, Institutional Research conducted a survey of Southeastern's student body. The random sample survey provided the following background information on Southeastern's students.

- » Most (85%) of the respondents have never been married, and 12% are currently married.
- » Over one-tenth (11%) of the respondents have children under the age of 18.
- » Almost one-third (28%) of the respondents travel more than 30 miles, one way, to Southeastern's main campus, 28% travel between 5 and 30 miles, 13% travel less than 5 miles, and 21% live on campus.
- » The vast majority (72%) of the respondents work, with most of them (56%) working off campus, 10% work on campus, and 6% work both on and off campus.
- » Of the students who work, 50% work 20 or fewer hours per week, 28% work 21 to 30 hours per week, and 22% work more than 30 hours per week.
- » One-fifth (22%) of the respondents are first-generation college students, meaning neither of their parents have any college education. Half (49%) of the students have a parent who has earned a baccalaureate degree or higher.
